BASTIAN KOLLER

Dr.-Ing. Bastian Koller joined the High Performance Computing Center Stuttgart in 2004 after his diploma degree in computer science. In 2011 he received his PhD in Engineering. Since he started at HLRS, he is involved in many research and development activities, national and international, especially with a focus on HPC technologies. Since 2013, he is responsible for the overall research strategy of HLRS. In March 2014, he became Manager of the Centre.

HLRS Path towards Academic and Industrial Use of Exascale Performance
